50MM EXTRUDED VISION SHUTTERS

50mm Extruded Vision Roller Shutters are ideal for a wide range of commercial applications and are made with an aluminium precision extruded roller shutter profile, with approximately 20% vision and ventilation perforations. Suitable for many commercial and industrial grade applications, our **50mm Extruded Vision Roller Shutters** provide protection in a wide range of commercial applications such as garage doors, shop fronts, factories and warehouses, restaurants, pharmacies and sports complexes. **50mm Extruded Vision Roller Shutters** are an ideal way to help keep your business premises protected.

Constructed with a strong aluminium alloy and extruded profile, **50mm Extruded Vision Roller Shutters** provide protection for openings up to 5500mm wide.

At CW Shutters, we're committed to helping protect Australian businesses and their premises!

50MM EXTRUDED VISION BENEFITS

- High quality, strong aluminium alloy construction.
- Commercial grade single wall extruded profile for heavy duty strength.
- Vision and ventilation perforations for airflow and light.
- High quality powder coated finish.
- Perforated and curved face profile.
- Roll-tight design.
- Choice of profile colours.
- Heavy duty steel axle and internal sealed bearings.
- Suitable for widespan widths up to 5500mm.
- Either manual or motorised operation.
- Made in Australia.
