77MM WIDESPAN ROLLER SHUTTERS

77mm Widespan Roller Shutters are ideal for ultra wide widespan applications and are made with an aluminium, precision roll formed roller shutter profile. Suitable for many ultra wide widespan applications, our 77mm Widespan Roller Shutters provide protection in a wide range of residential and commercial applications such as garage doors, shop fronts, factories & warehouses, restaurants, pharmacies and sports complexes. 77mm Widespan Roller Shutters are an ideal way to help keep your valuable home or business premises protected.

Constructed with a foam filled profile, 77mm Widespan Roller Shutters provide protection for openings up to 5900mm wide.

At CW Shutters, we're committed to helping protect Australian homes and business premises!

77MM WIDESPAN BENEFITS

- High quality aluminium alloy construction.
- Foam filled profile for additional strength, protection and smooth operation.
- High quality painted finish.
- Smooth and curved face profile.
- Rolls smaller than traditional steel roller doors.
- Wide choice of profile colours.
- Double coated + lacquer for abrasion resistant finish.
- Comprehensively engineered for extra strength.
- Heavy duty guides and bottom bar.
- Fully enclosed pelmet with internal rollers and reinforcement side plates.
- Suitable for widespan widths up to 5900mm.
- Made in Australia.
